

Northwind Atlas

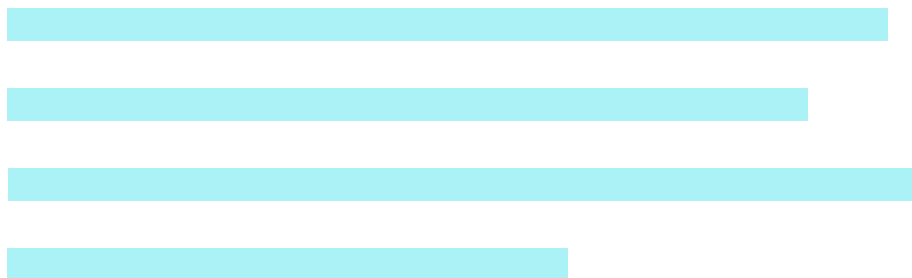

A landscape sample for vue-pdf-flipbook

1

Wide pages

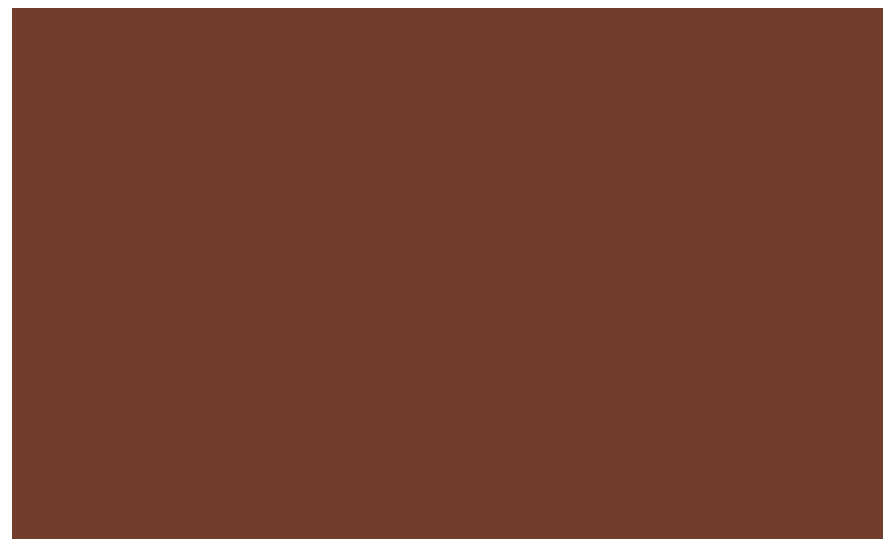

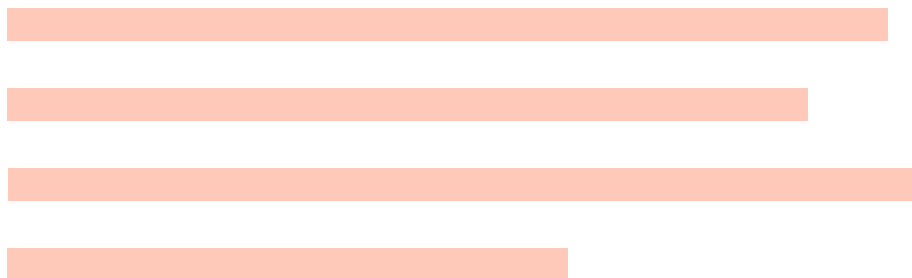

Read one at a time, not side by side

2

Why not a spread?

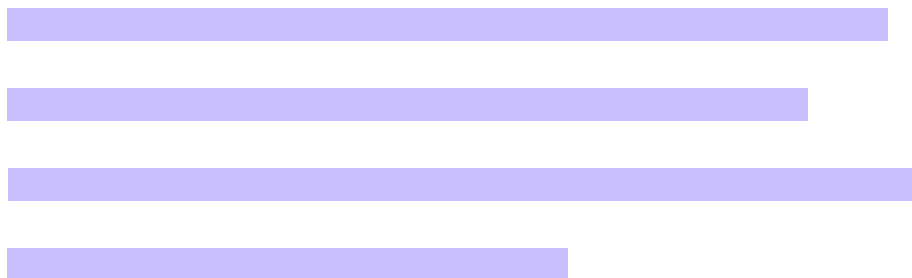

Two landscape pages make a book roughly 3:1

3

Fullscreen

The book fills the height left by your controls

4

isVertical

Detected from page 1, or pass it yourself

5

mode

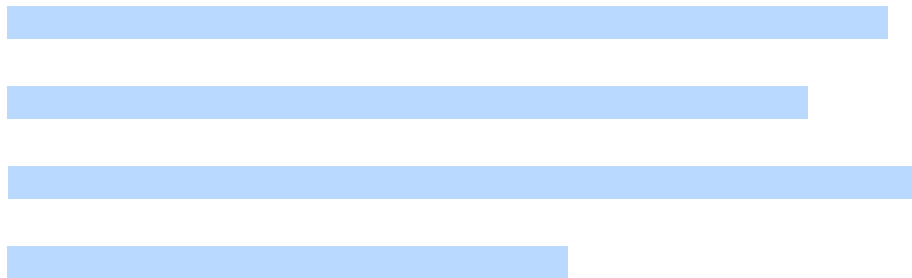

An explicit single or spread still wins

6

Zoom

Pinch, trackpad, or wheel over the book

7

The end

Flip back with a swipe, a click, or the controls
